No. 12673—50-51. It is hereby notified for the information of the public that the stock position of cement in the State is gradually improving and larger supplies of cement are available for the civilian consumption. It is therefore proposed to further relax the Cement Control Order in the State by permitting the licensed dealers throughout the State to sell cement to *bona fide consumers*, within their jurisdiction, upto one ton (20 bags) during a month without permits, as a tentative measure, for a period of two months only, from 1st December 1950.

The consumers may therefore approach the cement dealers direct within their localities for their cement requirements, for a period of two months only, if their requirements per month do not exceed one ton.

The licensed cement stockists have been instructed to sell 40 per cent of the stocks received by them freely to the consumers without permits, 30 per cent of the stocks on the authorisations issued by the Revenue Authorities and the remaining 30 per cent on the authorisations issued by the Controller of Civil Supplies. In case the 30 per cent of the stocks reserved for being operated upon by the Revenue Authorities including the Presidents of the Taluk Multi-purpose Co-operative Societies, is not cleared during the month, the same may be sold without permits during the next month.
